Age 30 / French nationality / A.R.T.S. Member (Association of 900+ film Technicians based in the South-East of France)

8+ years' experience in film and series production coordination, collaborating with major industry players on both national and international projects. After nearly a decade in Paris, I am now settled in the South-east of France. I am devoting myself to new filming adventures in this active and attractive region, aiming to give my support to production services companies and production managers in welcoming shootings in the South, helping to build a trusting relationship between international crews, ensuring a smooth internal and external transmission of information, and handling efficiently the day-to-day coordination ☀
